ONE STOP

AMERICA'S BEST SUPPLIER

Dear Valued One Stop Customers,

Like you, we have been closely watching the global tariff developments and talking to our brand partners regularly. The ripple effects are beginning to take shape. Yesterday, Gildan announced an average of 3.5% price increase on the majority of their products, effective May 4, 2025. With this first move from a major apparel brand, we anticipate others will follow suit in the coming days.

One Stop will be adjusting prices accordingly but commit to keeping our prices competitive and aligned with the market.

The impact of the tariffs have been toughest on items imported from China including tote bags, socks, and headwear. Starting in May, we'll be implementing price increases on these categories as well.

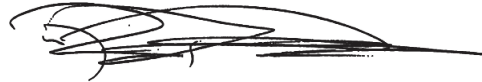

If you are planning future purchases, now is a good time to secure current pricing. And if you'd like to keep tabs on particular brands, our team is always here to help—just give us a call.

We appreciate your continued trust and partnership.

Best Regards,

Lisa Shaw
President

Bob Palmatter
